

TURN IT DOWN

BIO

Claudia (The Creative Director of Liminal Music) and Euan (The Co-founder of Liminal Music) have seamlessly merged their talents to form the dynamic DJ duo known as 'TURNITDOWN'.

Originating from Malvern, these DJs and producers bring a wealth of musical prowess to the stage. With a fusion of ethereal melodies, pulsating beats, and underground house sounds, TURNITDOWN crafts an electrifying atmosphere wherever they perform.

Their journey began at Rollingstock in 2023, where they captivated audiences as part of Liminal Music's residency. Since then, TURNITDOWN has graced the airwaves with featured mixes on BBC Introducing and mesmerised crowds at numerous clubs and venues across the U.K and Austria.

To truly appreciate TURNITDOWN, one must first understand the distinct musical identities of both DJs. Longtime friends and now couple Euan and Claudia discovered their mutual love for music, leading them to embark on a collaborative journey - a true love story. Euan brings an energetic DJ style inspired by his passion for Trance, Garage, and dance music, while Claudia infuses the mix with her majestic blend of melodic purity, dynamic basslines and a keen ear for music. Together, their diverse styles create a profound synergy.

While TURNITDOWN has yet to officially release any tracks, an eagerly awaited EP is currently in the works and is due for release on all major platforms in 2024. With boundless ambition and talent, the sky's the limit for this dynamic duo as they journey toward musical stardom.
